

## *Benefits of being a registered Clinical Exercise Physiologist*

### Professional Recognition

-  Recognition of your professional title and scope of practice.
-  Clear demonstration that you are qualified and meet the required standards of proficiency to practise as a Clinical Exercise Physiologist.

### Confidence for the public, patients, clients and employers

-  A publicly available register of professionals.
-  Mandated maintenance of knowledge, skills and experience.
-  Standards set from evidence-based practice.
-  Provides employers with clear standards for job specifications, scopes of practice and codes of conduct.
-  Peace of mind for all by providing a point of contact for fair feedback and complaints.
